

Managing and reducing our waste

Update on 07 October
2020

First of all, let's ask ourselves the question: what's in it for me to reduce the amount of waste I produce?

- I save money by avoiding waste ;
- Less throwing away means controlling waste collection and treatment costs and therefore less tax to pay;
- I am responsible and I want to preserve my environment by limiting the consumption of natural reserves.

Saint-Brieuc Armor Agglomeration offers you lots of tips and practices to put into your daily life in the "Act to reduce our waste" section.
